APA ADVANTAGE

DEDICATED TO MUNICIPAL BOND MANAGEMENT

Our dedication to one sector of the market, municipal bonds, allows us to focus our resources and strengthen our capabilities in credit research, trading and overall portfolio management.

BOUTIQUE SIZE = AGILITY

We believe our size is an advantage, allowing us to be more nimble in the secondary market.

PROVEN INVESTMENT DISCIPLINE

The same investment philosophy and process has been utilized since our inception. We believe in maintaining a consistent set of principles to meet our clients' objectives.

EMPHASIS ON SEPARATELY MANAGED CUSTOMIZED PORTFOLIOS

APA believes that investors are better served owning individual bonds rather than mutual funds. This allows for customization to meet their specific objectives and risk tolerance parameters.

INTEGRITY AND COMMITMENT TO SERVICE

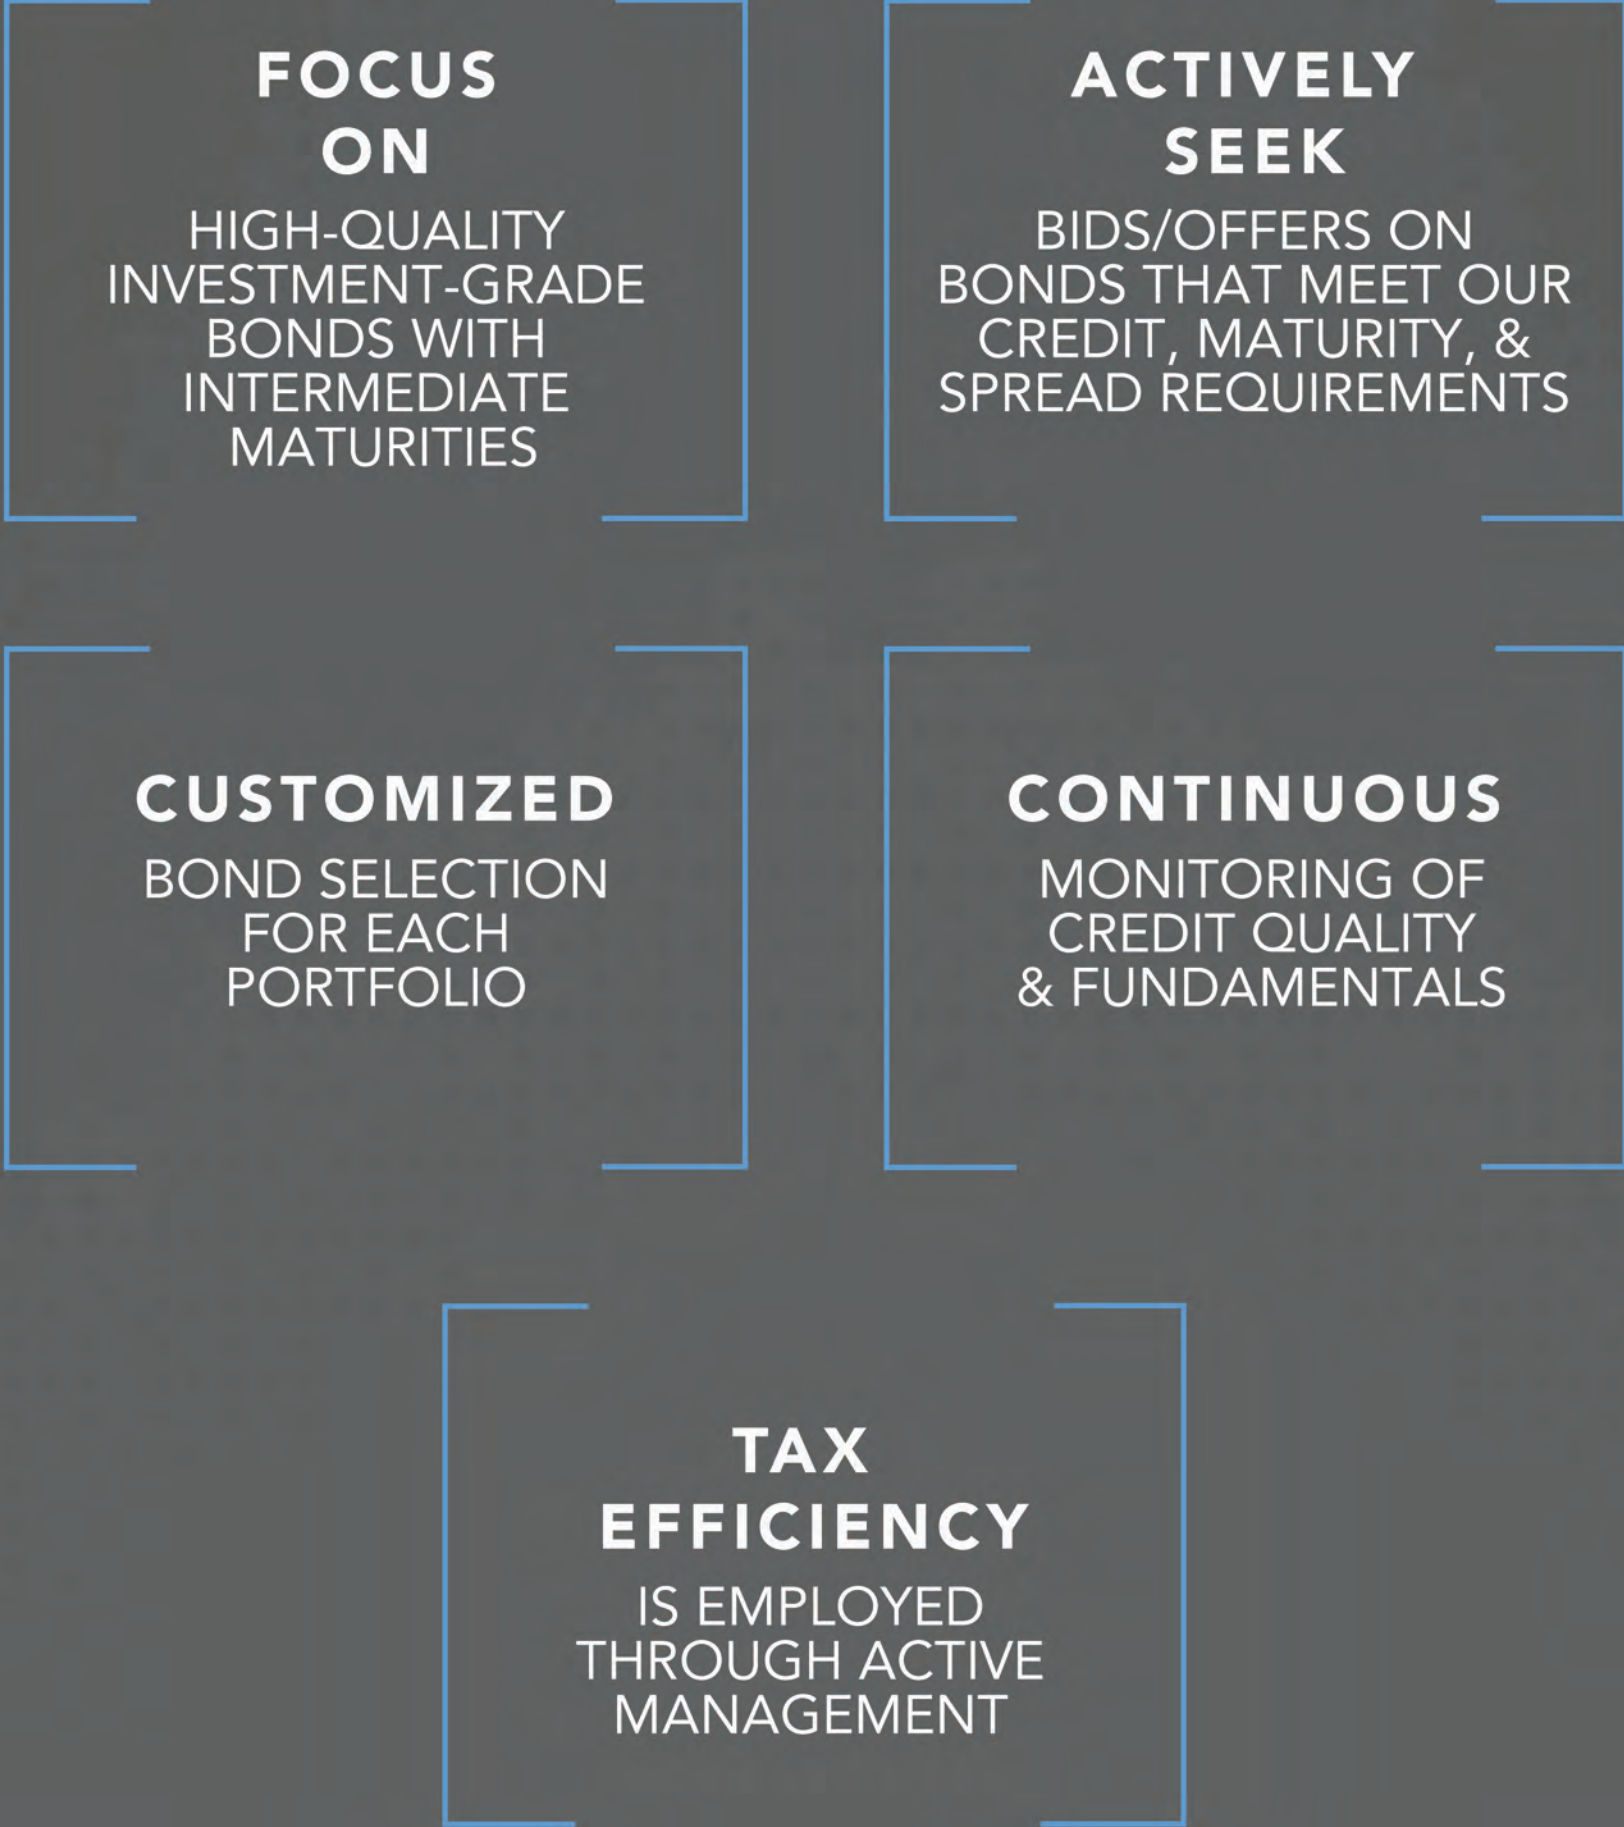

We strive to deliver the highest level of client service. Our investment team is always available to talk or meet with advisors and their clients.

INVESTMENT PROCESS

APA is covered by more than 140 national and regional broker-dealers. We compete with dealers in the bidding process in an effort to capitalize on market inefficiencies. We believe our managed portfolios benefit from our purchasing methods, which eliminate the mark-up of the broker-dealer sales process.

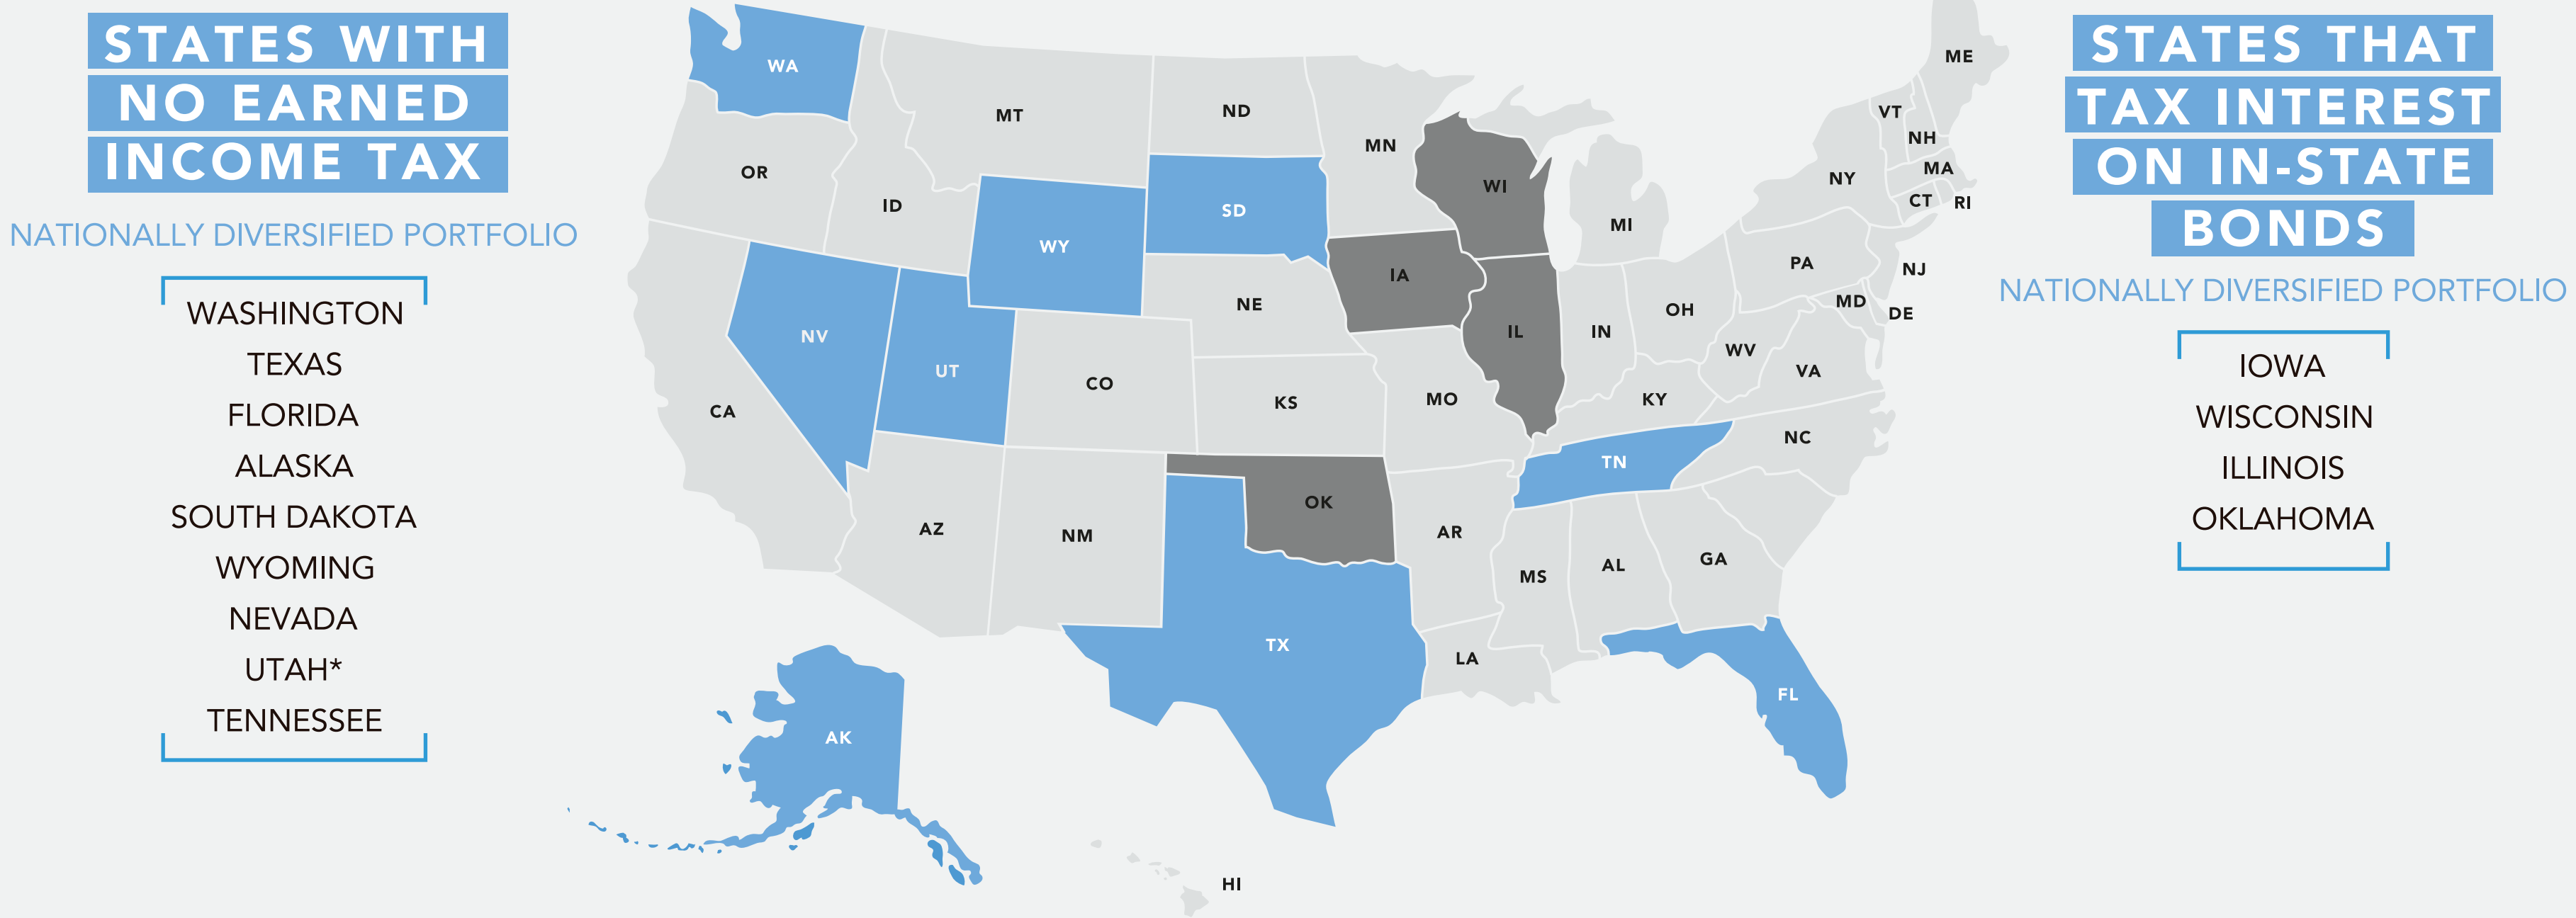

INVESTMENT PROCESS

INVESTMENT PROCESS

APA FOCUSES ON TAILORING PORTFOLIOS TO MEET THE UNIQUE INVESTMENT GOALS AND TAX SENSITIVITIES OF EACH CLIENT.

Within a state-specific portfolio, APA generally targets an in-state allocation of approximately 50-80%. However, this can be adjusted to meet a client's custom mandate.

Source: APA December 2024

*Utah does not tax bonds issued within the state, and also does not tax bonds issued in states that do not tax Utah bonds (WA, TX, FL, AK, SD, WY, NV, TN). New Hampshire only taxes interest and dividend income.

INVESTMENT PROCESS

APA'S DEDICATED CREDIT RESEARCH GROUP FOCUSES ON MAINTAINING THE INVESTMENT APPROACH OUR FIRM HAS RELIED ON FOR MORE THAN 30 YEARS; AN EMPHASIS ON ASSET PRESERVATION WHILE EVALUATING THE RISK/REWARD IN EXPLOITING MARKET INEFFICIENCIES.

APA reviews each credit on a continuous basis, employing both a top-down and bottom-up approach to determine a proprietary credit opinion and rating. Within the rigorous credit review process, there are several main inputs that help shape APA's propriety research which are used to identify bonds that we believe offer above market value for their rating category. Some examples are outlined in the table below.

CREDIT REVIEW PROCESS KEY INPUTS

GENERAL OBLIGATIONS	ESSENTIAL SERVICE REVENUE BONDS
Use of Funds	Use of Funds
Tax Base (assessed value)	Net Assets
Economy (unemployment, etc.)	Operating Margins
Wealth (median household income, poverty, etc.)	Debt Service Coverage
Top Ten Taxpayers	Total Operating Revenues
General Fund Reserves (as % of expenses)	Taxpayer Concentration
Liquidity (days' cash on hand)	Liquidity (days' cash on hand)
Debt Levels (as % of full value and per capita)	Debt Ratios (long-term debt to capital)
Fixed Costs (pensions and OPEBs)	Covenants (bondholder protections)
