Going beyond with Polen Capital

 **Our mission is to preserve and grow client assets to protect their present and enable their future.** 

Going Beyond Expectations

Polen Capital is a team of experienced investment industry professionals who share an unwavering commitment to our clients, investors, community and each other. We have been dedicated to serving investors by providing concentrated portfolios of the highest-quality companies for more than three decades. At Polen Capital, we have built a culture of results, and in this, an inherent belief in going beyond what's expected for the people and communities we serve.

- We adhere to a time-tested process of researching and analyzing the highest-quality companies around the globe
- We invest for the long haul and with a business owner's mindset—giving these companies time to grow
- We remain passionate about our mission to protect and grow capital

We are an Enduring, Purpose-Driven Firm Committed to Sustainability

We are dedicated to doing the right thing for our stakeholders, including our clients, colleagues, and community. We strive to be a leader in environmental, social and governance practices and continually evaluate how we can go beyond and do even better.

We are committed to minimizing our environmental impact through measuring, monitoring, and setting goals for improvement.

We believe that diversity of thought contributes to better outcomes, and we promote diversity within our firm and across the asset management industry.

We are dedicated to a growth mindset and actively support the whole employee through programs to enhance mental and physical well-being, training and personal development.

We cultivate an environment of acceptance and inclusion such that each employee can be their true and best self.

We are passionate about community involvement, sharing our resources and talents to benefit others. We believe the stronger we are as a community, the more enduring we are as a firm.

International Small Company Growth

Going beyond fundamentals

How Polen Capital Goes Beyond for Our Clients

Investment Philosophy

Concentrated Portfolio: "High Active Share"

- Portfolios constructed with a select group of high-quality companies that we believe effectively balance stakeholder interests
- High quality measured using guardrails of real organic revenue growth, stable to improving margins, high returns (ROE & ROIC), abundant cash flow, and strong balance sheets
- Strategies invest in 25-35 companies
- Impartial to index sector and position weightings

Long Holding/Compounding Period: "Time Arbitrage"

- Long-term focus on company fundamentals and growth prospects
- Portfolio returns are generated through compounding of competitively advantaged companies owned for many years
- Average holding period is approximately 5 years

Risk Management: "Durable Businesses"

- Seek to only invest in companies with unique value propositions that are competitively advantaged and financially robust— Margin of Safety
- Avoid highly cyclical businesses and binary outcomes
- Focus on long-term preservation of capital
- Portfolio construction parameters include position size limits and sector weight limits

Outcome Orientation: "Absolute Return Mentality"

- Seeking double-digit returns
- No market predictions, always fully invested
- Disciplined, collaborative approach reduces bias and drives better decision making

High Quality Compounding—The Flywheel

Flywheel conditions must be in place and companies must meet our mid-teens IRR hurdle to be included in the portfolio.

There is no guarantee that companies included in the Portfolio will exhibit all of these qualities.

The Polen Capital Investment Process

4: Portfolio Construction & Management

- Construct portfolio of competitively advantaged growth businesses
- Continue to monitor objectively
- Utilize unemotional selling—absolute return mentality

3: Deep Dive Research

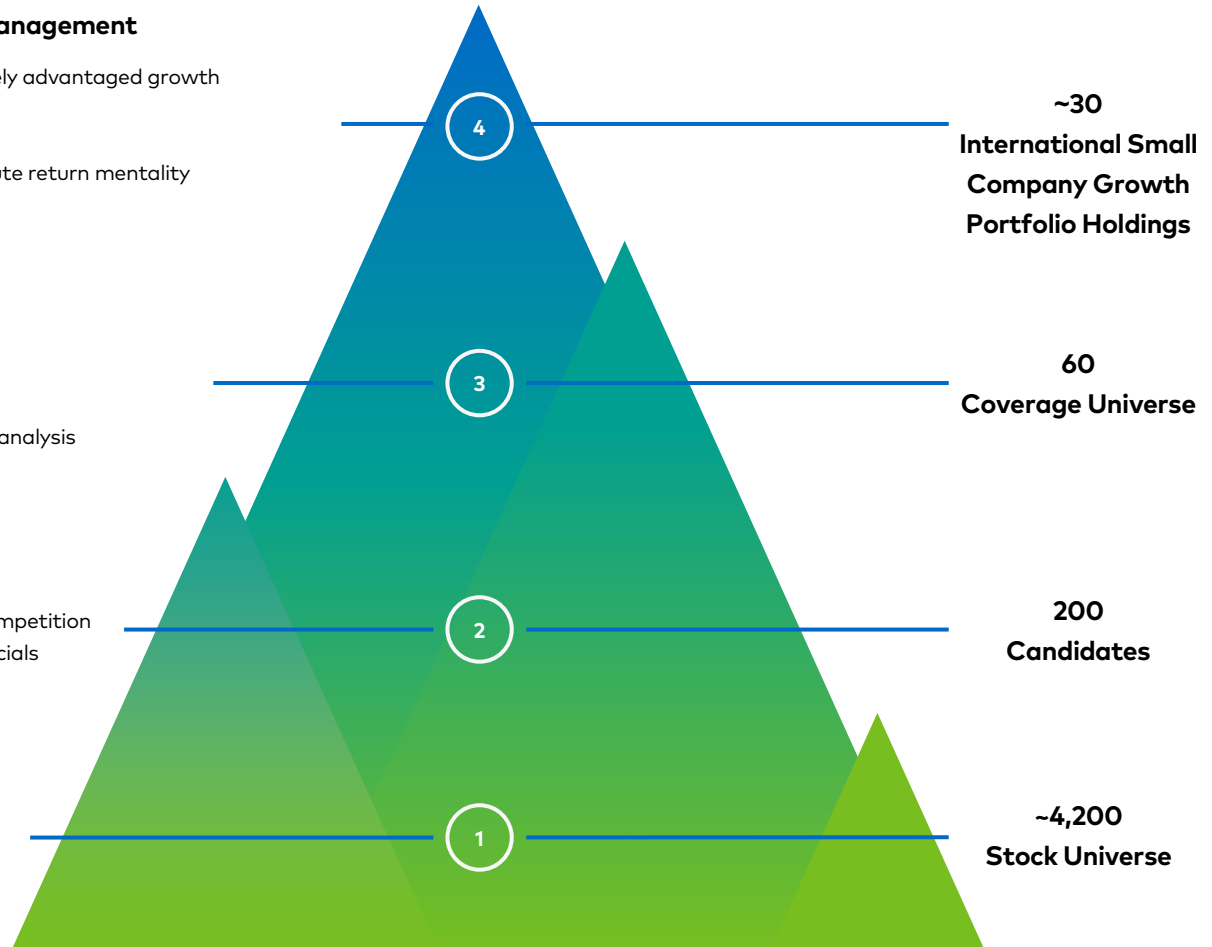

- Fundamental research
- Understand flywheel components
- Discussions with management
- Study corporate culture and ESG analysis

2: Initial Financial Analysis

- Analyze industry structure and competition
- Test sustainability of strong financials
- Employ shallow dive checklist

1: New Idea Generation

- Front-end screens for quality and growth

Sell Discipline—Unemotional Selling

Factors That May Influence Sell Decision

Flywheel Violation

- Threat to competitive advantage
- Deterioration in growth and/or business model
- Change in management philosophy
- Value destroying capital allocation

Market Capitalization

- Commitment to remaining in small cap category
- Target companies between \$500M-\$4B and trim or exit after they grow to \$8-\$12B

Superior Alternative

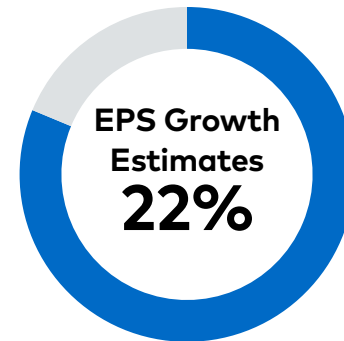

- More compelling sustainable growth company
- Attractive risk return profile

Portfolio Construction Discipline

- Risk management
- 10% maximum position size, 50% maximum sector allocation

GIPS Report

The International Small Company Growth Composite created and inceptioned on January 2, 2019 contains fully discretionary international small company equity accounts that are not managed within a wrap fee structure and for comparison purposes is measured against MSCI ACWI ex USA Small Cap. The accounts are highly concentrated and unconstrained with regard to the number of the highest-conviction positions (i.e., positions of greater than 5%) comprising the portfolios. Polen Capital invests exclusively in a portfolio of high-quality companies.

Polen Capital Management claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Polen Capital Management has been independently verified for the periods April 1, 1992 through December 31, 2021. The verification reports are available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report.

Polen Capital Management is an independent registered investment adviser. A list of all composite and pooled fund investment strategies offered by the firm, with a description of each strategy, is available upon request. In July 2007, the firm was reorganized from an S-corporation into an LLC and changed names from Polen Capital Management, Inc. to Polen Capital Management, LLC.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of fees and include the reinvestment of all income. Net of fee performance was calculated using actual fees. The annual composite dispersion presented is an asset-weighted standard deviation using returns presented gross of management fees calculated for the accounts in the composite the entire year. Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request.

The management fee schedule is as follows:

Institutional: Per annum fees for managing accounts are 100 basis points (1.00%) on the first \$50 Million and 85 basis points (0.85%) on all assets above \$50 Million of assets under management. HNW: Per annum fees for managing accounts are 175 basis points (1.75%) of the first \$500,000 of assets under management and 125 basis points (1.25%) of amounts above \$500,000 of assets under management. Actual investment advisory fees incurred by clients may vary.

Past performance does not guarantee future results and future accuracy and profitable results cannot be guaranteed. Performance figures are presented gross and net of fees and have been calculated after the deduction of all transaction costs and commissions. Portfolio returns are net of all foreign non-reclaimable withholding taxes. Reclaimable withholding taxes are reflected as income if and when received. Polen Capital is an SEC registered investment advisor and its investment advisory fees are described in its Form ADV Part 2A. The advisory fees will reduce clients' returns. The chart below depicts the effect of a 1% management fee on the growth of one dollar over a 10 year period at 10% (9% after fees) and 20% (19% after fees) assumed rates of return.

The MSCI ACWI ex USA Small Cap Index is a market capitalization weighted equity index that measures the performance of the small-cap segment across developed and emerging markets (excluding the U.S). The index is maintained by Morgan Stanley Capital International.

The volatility and other material characteristics of the indices referenced may be materially different from the performance achieved. In addition, the composite's holdings may be materially different from those within the index. Indices are unmanaged and one cannot invest directly in an index.
